

## Board election process

## Steps

### 1. Nomination

Business and Associate member organisations are invited to put forward a candidate representing their own organisation, if they wish to stand. Board seats are assigned to individuals in a personal capacity, not to organisations. Candidates are asked to send a brief biography and motivation, together with a high-quality photo.

### 2. Vote by Business and Associate membership

Business and Associate member organisations vote for the candidates in their respective constituency. The two shortlists of candidates (8 Business members & 6 Associate members) will be then confirmed by the vote of the General Assembly.

### 3. Final vote by General Assembly

The General Assembly (i.e. all members) is asked to vote to confirm the shortlists. Elected Board members will formally start their mandate on 21st March.
